

ROQUETTE

Offering the best of nature™

Are you looking for **Perfect Balance** between **Wet Resistance** and **Costs** in Towel?

VECTOR® IC

Strength enhancer for Towel

ROQUETTE has developed, from renewable source, a new bio-polymer, VECTOR® IC which can help you make costs savings while getting high level of quality.

VECTOR® IC, FDA & BfR approved, enhances dry & wet strength properties (stretch and tensile strength) controlling global cost of towel paper production.
